Attention: Examiner Octavia L. Davis, Group Art Unit 2855

Dear Examiner Davis:

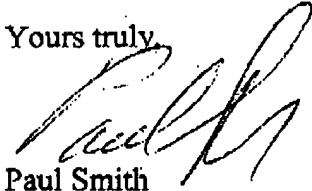

Re: United States Patent Application No. 10/071,504
Title: LOAD SENSOR
Inventors: CHRISTENSEN, Bill; GRUENDING, Jeff
Filing Date: February 11, 2002
Group Art Unit: 2855

This is further to your courtesy telephone call to me earlier today.

Due to a clerical error, Claims 2 and 25 were incorrectly presented in the Response to the Office Action filed on January 21, 2004. We therefore enclose a new, corrected set of claims for the above-referenced application. In addition, we also enclose the full, corrected Response. The corrected Response includes a change to the last sentence on page 10 referring to Claim 25.

We trust that this is satisfactory.

Yours truly,

Paul Smith
